ERGOform 134°C

HANDLES IN ERGONOMICAL DESIGN

ERGOform 134°C

Ergonomical design

The ERGOform Handles are lightweight and well-balanced due to the slim shaped end of the Handle. The wider diameter in the front and especially the grip recess provide relaxed grip and thus relaxed working.

Pleasant haptics

The satin-finished surface and the smoothly rounded edges provide pleasant haptics and handling.

Autoclavable up to 134°C
