Datasheet—Face Mask

Usage	Model	Shape	Layers	Standard EU (CE)	Standard CN	TSA mask core--- Meltblown
PPE	Disposable		3	EN 149:2001+A1:2009	GB2626-2006	1 layers P95
PPE	KN95	Duckbill or Cup	4	EN 149:2001+A1:2009	GB2626-2006	2 layers P95
Surgical	Disposable		3	EN 14683 IIR	YY0469	1 layers P99

Nowadays , the high quality meltblown is in low stock and expensive cost all over the world.

Some mask suppliers are using low quality material to decrease the cost and attract customers. Please pay attention on it and understand the high quality mask character.

AVOIDING taking people explore in the second pollution.
